

Owen Sound Girls' Hockey Group
Meeting - June 2nd, 2009
Bayshore Community Centre - Pool Room - 7 p.m.

Present: Burke Mason, Gary Twining, Darren Lynk, Charlene Goodwill, Jackie Lemon, Leanne Sutherland, Lee-Anne Kazarian

Burke attended and reported on the City's meeting regarding the building of a new recreation centre and double ice pad as well as the meeting discussing the division of ice time in the City. There were three groups who had a chance to speak and he felt that our e-mailing support had worked well. There is a new Ice Allocation policy and procedure to be passed in June. There were a lot of different groups represented at the meetings. There was also an article in the Sun Times featuring Burke representing the Girls' Hockey Group and expressing our organization's past concerns. OSGHG is being recognized by the City of Owen Sound as a priority user group. The City will try to make the ice allocation more equal in the future and there will be a meeting once their policy is passed.

Burke was thanked for his time and effort in this endeavour.

Fundraising: Charlene reported that Chris Hartley has come to her looking for help selling tickets for the DARE program in schools. For each ticket we sell we would make approx. \$3. Chris is the Community Officer in Owen Sound.

Charlene will also look into a tag day - applying for October 10th, 2009.

Registration: Jackie mailed the registration forms today to all of last season's registrants.

Registration forms and coaching applications are available on-line and at City Hall. The deadline for applying for a coaching position will be August 1st, 2009.

WebMaster: Darren had nothing new to report at this time. Darren will look into why we are receiving bills from BMTS for our web-site.

Gary adjourned the meeting.

Next Meeting: August 5th, 2009
