

2025-2026 Tryout Information:

In preparation for the commencement OSGH tryouts, please note the following:

1. Players must register for tryouts online through the OSGH website. Any players required to submit a Permission to Tryout form must do so through the registration process.
2. Players should not show up at the rink without completing registration online.
3. Registration will remain open during the tryout process for players who are attending tryouts for higher level teams. If you are considering attending a tryout and have a conflict, please reach out to the coach directly.
4. Players do not need to attend Tier 1 tryouts to be eligible for Tier 2 tryouts. OSGH encourages all players to attend tryouts at the highest level they are eligible for. Even if the player doesn't make the highest level team, the experience gained from the additional ice time and tryout process should be a positive one.
5. There will be a registration table at each tryout. Players will check-in to confirm their attendance and will be provided with a colour/numbered pinny to wear during their ice time. This pinny will facilitate the player evaluation process. All families should also receive an information package on the team, which includes expected ice times, tournaments, and financial commitment.
6. Players should plan to arrive 30-60 minutes before the posted started time of the tryout session.
7. Player releases for U13 and above can be made after the first two tryouts. Player selection for U11 and below will be based on Hockey Canada guidelines.
8. Players invited to return to tryouts after the 2nd ice time will be listed in an article within the news section for that team. Players will be identified by their OWSA Tryout registration number which will be listed in your tryout registration confirmation email.

To find your player's REGISTRATION ID number, please follow these steps:

1. On the left-side menu click on TRANSACTIONS, and then TRANSACTION HISTORY:

2. Locate the registration for 2025-2026 Competitive Tryouts and record your REGISTRATION ID found near the top, under the price. Each registration receives a unique number. If you are attending multiple tryouts at different associations, each tryout will have its own distinct registration number.

Jane Doe

Owen Sound GHA

\$60.00 (CAD)

Registration ID: 1866FE35

Payment ID

3/30/20:

3. Write this number down as it will be used throughout the tryout process to identify players for Invitation to Return and Final Selection lists.

If you have trouble locating your Registration ID, please contact:
